

## **PENTECOST VISION FOR SWITZERLAND**

GIVEN IN MY DEVOTION ON PENTECOST MONDAY: JUNE 1, 2009

THIS SAME MESSAGE WAS REPEATED AGAIN TO ME ON PENTECOST MONDAY May 24, 2010

*Dear Pastors, Evangelist and Leaders in Christ*

*Choice Christian greetings.*

*Here is to share with you the vision and reason for these annual Pentecost conferences.*

*It is a fact stated and proven over and over again, that every nation and people in this world do have needs. The point is to find out what that need is. This was a burden for me for a long time as I could not pin-point what Switzerland as a nation and people really lacked. I was very concerned and so started praying and fasting about this for some time long before the Lord revealed it to me the first time. When He revealed it to me, I was then so shocked and wondered, how blind I could have been, not to have seen that all along; it was so clear! Switzerland do lack the power of God in the churches, and therefore in the lives of the individual believers. There are some existence of the Holy Spirit's power here in some churches, but altogether it is at the lowest level:*

- 1. It needs to be optimized and experienced among believers at a higher level.*
- 2. It needs to be readily on the hearts and lips of believers in the churches.*
- 3. The power of God wants to transform the lives of the people as a nation.*
- 4. God wants that this message of the power of the Holy Spirit to be in the hearts of believers, which is the good news of the Kingdom of God.*
- 5. God wants His Holy Spirit to become more and more intensified in the land, especially now that we are living in the last of the last days.*

***God wants this good news of His Kingdom to be so common among His people even more common than what Solomon did when he made silver as common as stones in Jerusalem and cedar as plentiful as ordinary sycamore-fig trees in the foothills.***

*This is what the Lord wants to see done at this time here in Switzerland. He is therefore calling on you and on me to make it happen among us for His honour and for His glory.*

*God is thinking of Switzerland in a very special way at this time, as He wants to actively work among His people by filling them with the baptism of the Holy Spirit. Switzerland is not the only place that He will be pouring out His Spirit, but globally. However, Switzerland is the focus for us.*

*We are not only living in the last days, as we know, but we are living in the time when the church, (the bride of Christ) will be raptured at any time soon, and so God wants those who are His to be fully equipped and prepared for His soon return. He wants to make possible the opportunity for everyone to receive this special blessing of the Holy Spirit, as mentioned in His Word that would happen during the last days.*

*This will have to be done on an interdenominational basis, so as to provide the opportunity for believers to receive the baptism of the power of the Holy Spirit. It should be done at a location with that kind of atmosphere, that would make people feel free to want to attend, in order to learn about the Holy Spirit, who He is, His work among us and how to receive this promise of the Father, which is the power of the Holy Spirit. St. Luke 24: 49*

## **VISION AND SCRIPTURE REFERENCE.**

*God has seen the spiritual needs and powerlessness of His people. He also understands why they cannot receive this blessing at the level they are at, as there are so many hinderances especially at the social level in society. God wants to free His people from this yoke of bondage. We are living in the time when God promised to pour out of His Holy Spirit on all people. This has been happening since Acts 2: 1 – 4 and is available to all of us today. We just need to believe.*

*The Lord has spoken twice to me about providing a place, setting a date and time to help believers in this day and at this time to be filled with His Holy Presence and Power. The second time the Lord spoke to me, it was clear that He was speaking to me. He wanted me to rise up and to start organizing for our first conference. In the urgency of it all in the Spiritual realm, it seems as if He wants this to be done almost right away. But as we know, however, everything needs time and planning.*

### **Joel Chapter 2: 28-29**

*On that same Pentecost Monday in 2009, during the evening as I was cooking; I suddenly remembered a book I bought some months before on the subject of the Holy Spirit, by Stanley M. Horton, but never had the time to read it. But on that evening I was actually led to take up that book for the first time. As I opened the book, it was already on the introductory part of the page, called 'Foreword'. The chapter and verses from **Joel chapter 2: 28-29, where God promised to pour-out His Spirit in the last days on all flesh, practically sprang-out at me.** This was for me a confirmation in regards to the revelation I had earlier in the day from the Lord in my devotion. This was also so significant, as God always confirm His revelations with His word. The wonder of it all was that this verse came, before I could even give any thought to it. See, I was already so lost in the vision I had before. I was actually in a state of awe, just giving praises to the Lord.*

*This revelation I received from the Lord during my devotion on Pentecost Monday, June 1, 2009. The same revelation came to me again this year on Pentecost day 2010, early in the morning, as I was meditating on the Lord.*

*A lot of prayer and fasting has already been offered-up to the Lord in regards to this call, of which we will continue to do. The major aim here is that the individual believer and Church organizations start using again these two major keys:*

- 1. The recognition of the HOLY SPIRIT'S POWER &*
- 2. The acceptance of the HOLY SPIRIT'S POWER*

## **THE PURPOSE & BENEFITS**

*Taking a panoramic view of this revelation, it is clear that God has great things in store for us to do in general. This effort or Mission being led by the leading of God through the Holy Spirit on an international and interdenominational basis, would mean:*

- 1. Making possible a most needed service that God is asking us to offer in Switzerland at this time, which would benefit the many to receive the baptism of the Holy Spirit in their lives.*
- 2. Providing special education on the subject of the Holy Spirit by special speakers who would expound and clarify all about the presence and purpose of the Holy Spirit etc.*
- 3. Empowering the churches and other individual ministries, both in Switzerland and around the world.*
- 4. It would mean a great harvest of souls for the Kingdom of God.*
- 5. Believers and leaders being revived,*

*Fire is attractive, and if we join together as mentioned above, cooperating with God and the Holy Spirit in this Mission, then the Holy Spirit would be able to do His work in the land:*

## **TEAM WORK**

*As this vision presents itself, it is clear that we are already speaking of holding spirit filled conferences, being held as often as possible or periodically. This is something that should be done in a way that people can expect these conferences at different times, to make ready for, and to attend.*

*This gospel of the Kingdom of God is for the benefit of everyone. Our job is to make sure that people are aware of it and will know how to share in these blessings.*

*In this mission all concerned churches, Pastors and leaders are welcome to join in from time to time or as part of the team, as this movement invites the participation of everyone.*
